EXPLANATION OF COMPLETE PHYSICAL EXAM

A physical exam is a critical part of your healthcare provided by Village IMG. The frequency of the exam is determined by Village IMG, based on your age and overall health.

Insurance plans, as determined by your policy or your employer, have vastly different benefits for routine exams. In some cases, insurance will not cover routine care at all (or "well patient" or "preventative care" office visits.)

Prior to your visit, we encourage you to contact your insurance company to see what benefits are included for a routine physical exam (to include lab work, mammogram, chest x-ray, EKG, PFT, stress test.) Benefits may be different if performed at another location.

_____ (initial here) ***If you are scheduled for a routine physical and wish to address issues outside of routine care, insurance may or may not cover charges for additional consultation and non-covered charges will be billed to you. In some cases, insurance companies would rather you return on another day to discuss your on-going health concerns.***

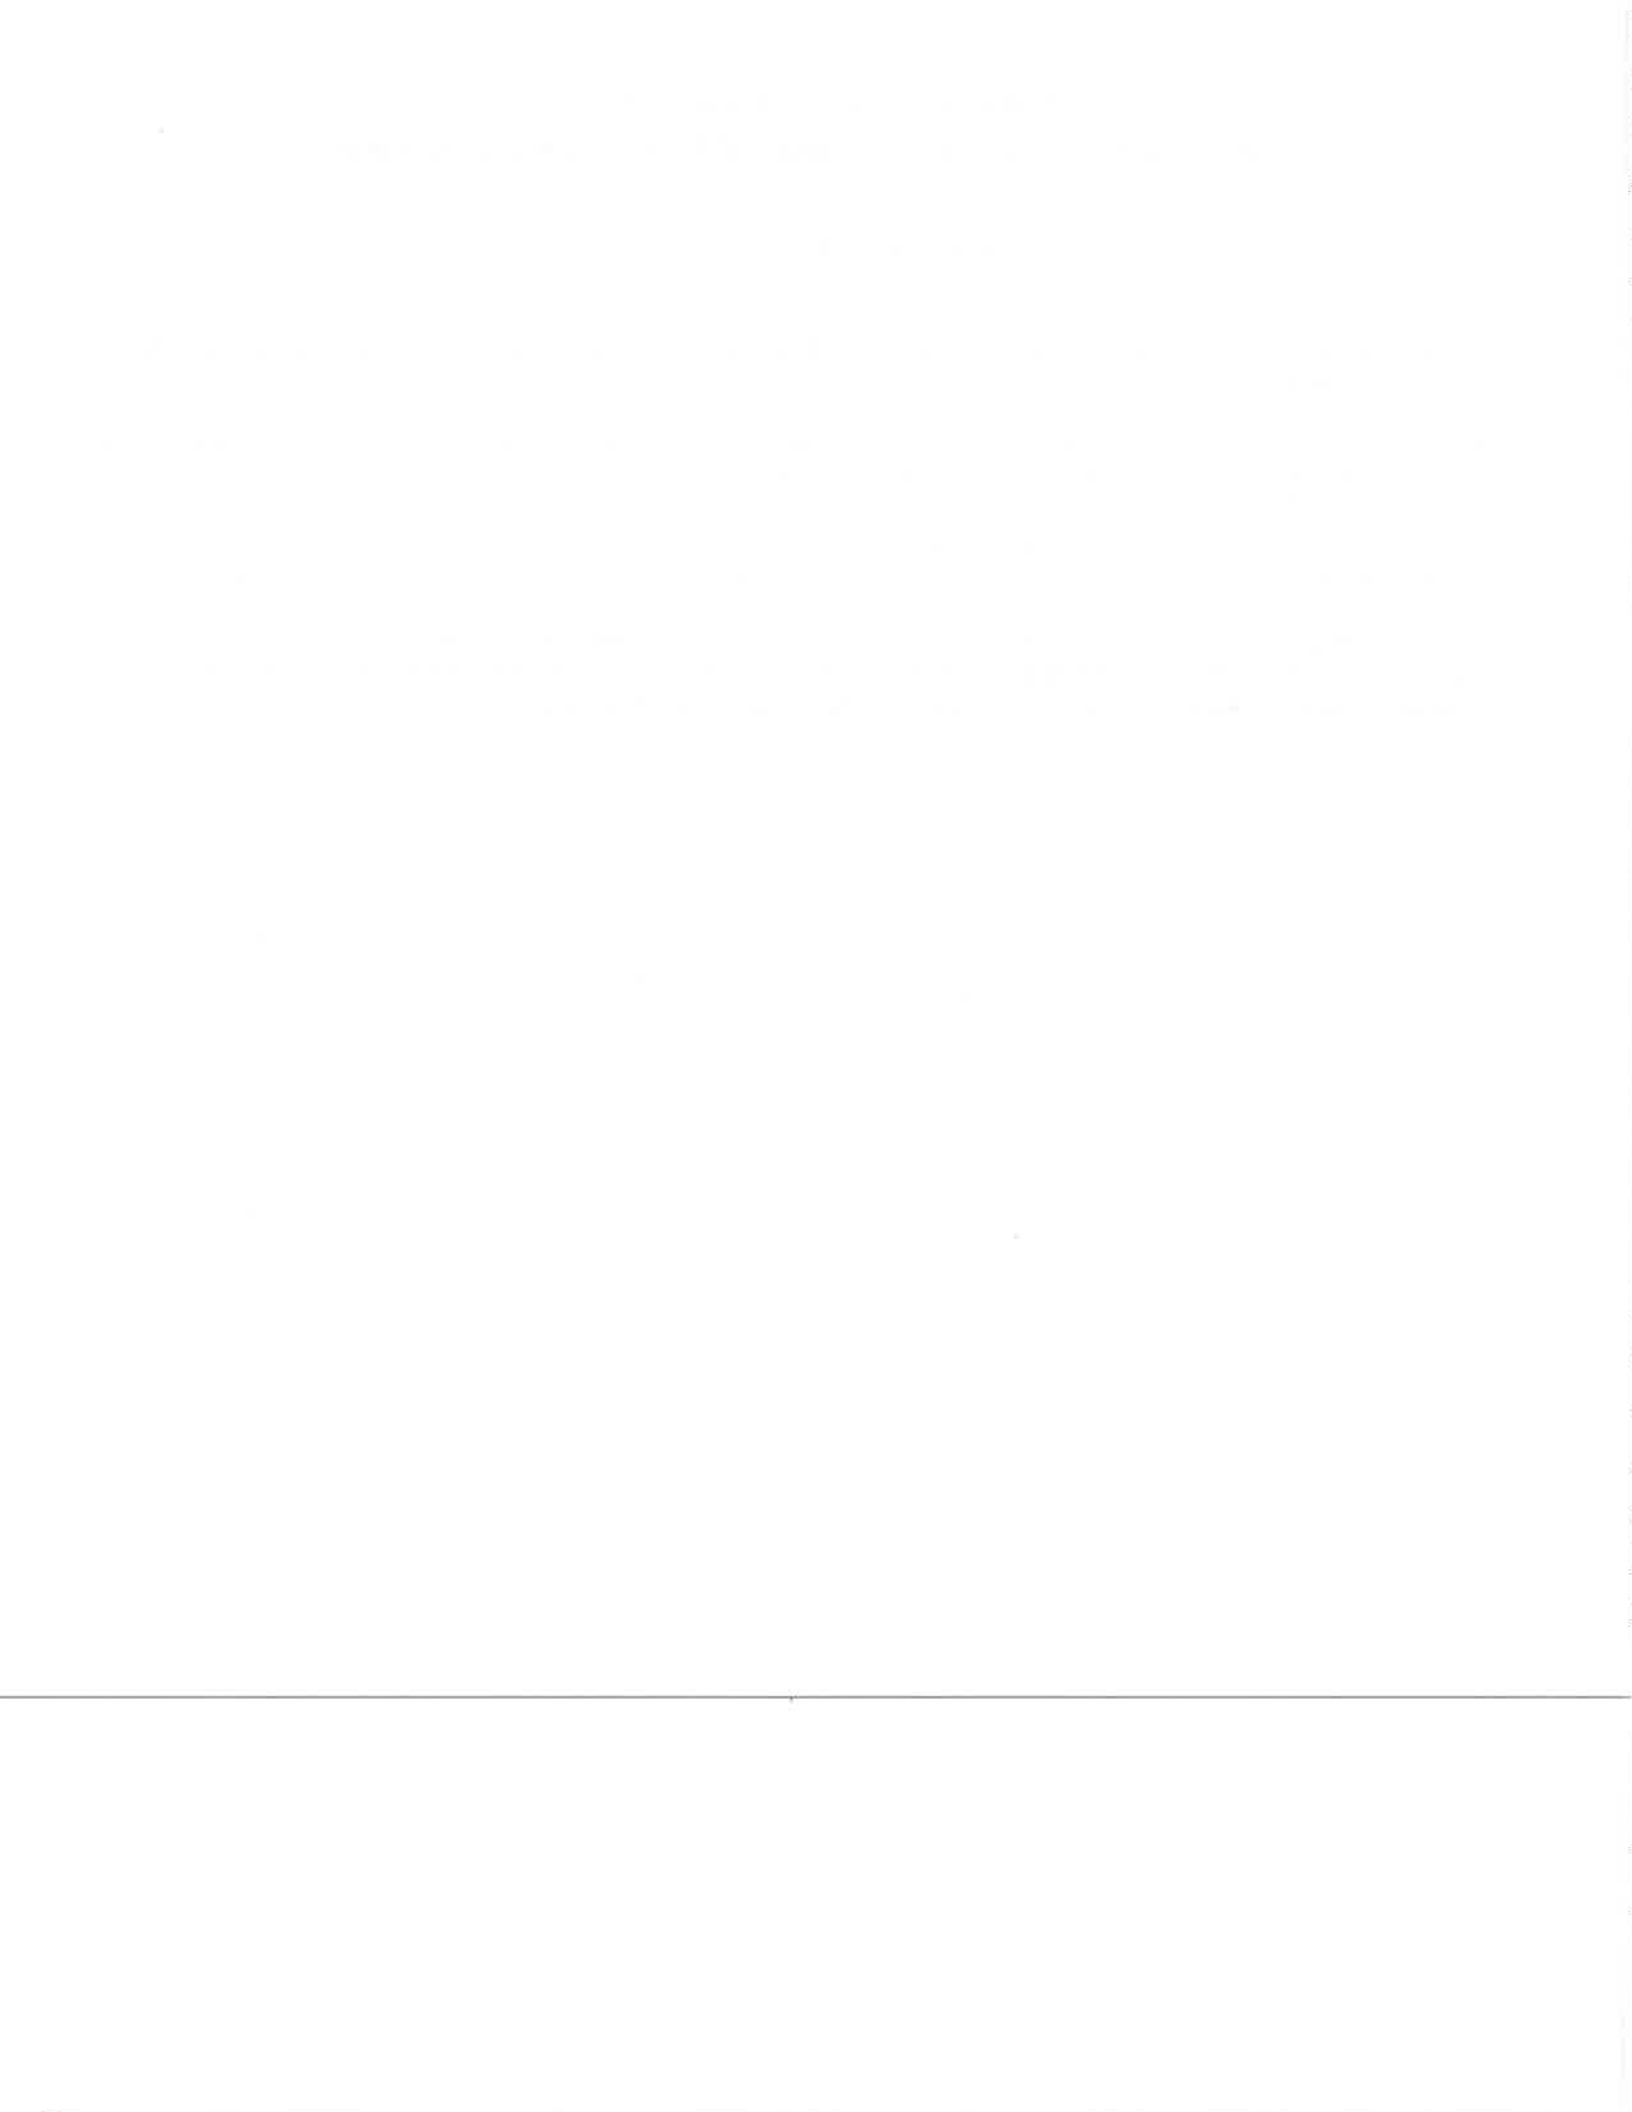

These are the directives of insurance companies, not our office. We simply want you to be informed and know your potential financial exposure for non-covered benefits as well as make you aware of the possible need for multiple appointments.

PLEASE SIGN THE WAIVER BELOW FOR POSSIBLE NON-COVERAGE OF SERVICES.

I understand my insurance company may or may not fully cover routine/preventative care services performed in and outside of our office, as ordered by Dr. Medwedeff, as part of my complete physical exam. I acknowledge this and understand it is my responsibility to understand the application of my benefits in this situation. I understand that I am responsible for a charges not covered by my insurance company.

PATIENT INFORMATION AND NOTIFICATION

I would like to ask you to take a few minutes to read over the policies and procedures I have chosen to operate my practice. Please help me to understand there are many unique considerations and aspects of the solo primary care medical practice. We need to implement guidelines in order to continue to provide quality patient care and protect the ability to continue as a solo practice. By working together, we can establish stronger patient relationships that can remain autonomous while meeting patients' needs with the highest degree of excellence. Without some basic standards of operation, we will certainly be taken under by a healthcare system that is working against us. By reading and signing below, you are stating that you have been provided and understand our office policies and procedures put in place to ensure our ability to provide the best level of service and care for our patients.

Thank you in advance for your understanding and cooperation.

APPROVED HIPAA CONTACTS

Disclosure of Protected Health Information

Keeping patient information private is important to us. Our policy is to only disclose patient information (billing and medical condition), to the patient or legal guardian. This includes a spouse or adult child who you might want Village IMG to discuss medical findings with or involve in your treatment plan. If there are additional people whom you would like to have access to this information, please fill out the form provided in this packet.

WRITTEN CORRESPONDENCE

We can only provide written correspondence in three ways: via the patient portal, US Mail, or in person. We cannot provide statements, test results, or other medical information through e-mail.

INSURANCE

Even though this information is stored in our computer system, insurance changes frequently and we need to be absolutely sure we have your latest coverage updated and that we file correctly. Please be prepared to show us your insurance information on each visit.

Healthcare Insurance can be confusing. Keep in mind the following:

- We are only contracted with select insurance plans. Contact your insurance carrier to confirm Village IMG is a "preferred provider" or "network."
- We will contact your insurance carrier for benefits; however, it is your responsibility to know your benefits and coverage.
- We will submit your insurance claims on your behalf.
- After filing with your insurance there are several possible outcomes:
 - The claim will be paid and you will receive a statement for the portion your contract allows but does not pay in full.
 - All or part of the claim may be applied to your deductible and you will be responsible for the balance.
 - They may deny the claim. If this happens: You will need to contact your insurance carrier (not our office) for the denial reason and what, if anything, can be done to get the claim paid. Once you do this, let us know, and we will resubmit the claim. If it is still denied you will be responsible for all allowed charges.

Texas law now requires commercial insurance carriers to pay medical claims within 45 days. If they do not, it will then be your responsibility to pay the professional services in full. Should we receive a subsequent payment from your insurance carrier, we will provide a refund by check or a refund your credit card.

SCHEDULING

Excellent medical care takes time to diagnose and treat. Sometimes our schedule is delayed when patients require more attention than originally anticipated. We ask for your patience in waiting, realizing that you will receive the same high level of care.

ANNUAL PHYSICALS / GYN EXAMS

If you advise that you're coming in for a physical or a Gynecological (GYN) exam, we will bill the office visit and lab as "routine wellness". If your plan does not cover these services, you will have to pay in full. If you require services beyond "routine wellness" at the same time, an additional office visit charge will be added.

LATE ARRIVALS/NO SHOW

- The first appointment in the morning and afternoon are reserved for individuals who have tight schedules and need to be seen promptly. We have a zero tolerance for late arrivals for these choice times.
- All appointments need to be rescheduled if you're running more than 15 minutes late unless we have had a cancellation and can accommodate your visit into our schedule.
- Patients more than 20 minutes late will be considered a no-show and an appropriate charge will be assessed.
- If you "no show" for three appointments, written notice will be sent to you terminating you as a patient.

CANCELLATIONS

Please provide us with 24 hours advance notice if you need to reschedule an appointment. This can be done via phone or patient portal. Failure to do so will incur the following charges based on the amount of time previously reserved:

- | | |
|---|---------|
| • 15 – 25 minute appointments | \$25.00 |
| • Physical/GYN exam | \$50.00 |
| • Procedure visit such as minor surgery or diagnostic testing | \$75.00 |

LAB

Our electronic health records (EHR) are interfaced with Clinical Pathology Laboratory (CPL) and Quest. For this reason, these are the preferred laboratories.

PATIENT PORTAL

You have partial access to your medical records via the secure patient portal. You can review all documented diagnosis, medications, medication allergies, and most test results. Messages can be sent and will be addressed within 48 hours (during regular business hours.) All non-emergent communication should take place via the patient portal as opposed to email or phone calls

STATEMENTS

- Statements are due upon receipt.
- Late fees (1.5% total due) may be added if payment has not been received within 30 days from the date of the statement.
- Payments due for more than 90 days are subject to collection.
- Payments may be made at any time via phone with Visa, MasterCard, or Discover.

ADDITIONAL ITEMS:

- Health forms to be completed (outside of office visits) will have a charge of \$25.00 per page.
- Letters requested of Dr. Medwedeff will be charged based on complexity and time, starting at \$40.00.
- Copies of medical records are charged according to the Texas Medical Examiners fee schedule which is \$25 for the first 20 pages and \$0.5 per page thereafter.
- Letters mailed at patient's request are \$1.00.

I have read and understand the above policy and procedure:

PATIENT CONSENT AND ACKNOWLEDGEMENT OF RECEIPT OF PRIVACY NOTICE

I understand that as part of the provision of healthcare services, Village IMG creates and maintains health records describing among other things my health history, symptoms, examination, test results, diagnoses, treatment, and any plans for future care or treatment.

I have been provided with a Notice of Privacy Practices that provides a more complete description of the uses and disclosures of certain health information. I understand that I have the right to review the notice prior to signing this consent. I understand that the organization reserves the right to change their Notice and practices and prior to implementation will mail a copy of any revised notice to the address I have provided. I understand that I have the right to object the use of my health information for directory purposes. I understand that I have the right to request restrictions as to how my health information may be used or disclosed to carry out treatment, payment, or healthcare operations (quality assessment and improvement activities, underwriting, premium rating, conducting or arranging medical review, legal services, auditing functions, etc.) and that the organization is not required to agree to the restrictions requested.

By signing this form, I consent to the use and disclosure of protected health information about me for the purposes of treatment, payment, and healthcare operations. I have listed below the names of others that may have access to my personal health information. I have the right to revoke this consent, in writing, except where disclosures have already been made in reliance on my prior consent.

This consent is given freely with the understanding that:

1. Any and all records, whether written, oral, or electronic format, are confidential and cannot be disclosed for reasons outside of treatment, payment, or healthcare operations without prior written authorization, except as otherwise provided by the law.
2. A photocopy or fax of this consent is as valid as the original.
3. I have the right to request that the use of my Protected Health Information, which is used or disclosed for the purposes of treatment, payment, or healthcare operations be restricted. I also understand that the Practice and I must agree to any restriction in writing that I request on the use and disclosure of my Protected Health Information and agree to terminate any restrictions in writing on the use and disclosure of my Protected Health Information which have been previously agreed upon.
